Dear Dick:

It's that time of year again although with all the snow it is hard to imagine that it will all melt before our May 1, 1983 running of the Charles River Run.

Would greatly appreciate the support of the Wellesley Amateur Radio Association to continue bringing a professional communication link to our race.

Will be in touch with you in the near future to confirm and am available to meet with you to discuss the details.

Keep in touch.

Sincerely,

William A. Perry
